About The Department

The Department of Chemistry was established in 1971 and over a period of time has been recognised as a **Centre of Advanced Studies (Level-II)** by UGC. The Department of Science and Technology (DST) has funded the department **thrice** under its **FIST programme**. The department offers B. Sc. (Hons. School) Chemistry, M.Sc. (Hons. School) Chemistry, M.Sc. Chemistry, and Ph.D. courses. The research activities of the department focus on synthetic organic and inorganic chemistry, supramolecular chemistry, asymmetric organocatalysis, electrochemistry, material chemistry, nonlinear optical and charge-transport materials, medicinal chemistry, surfactant chemistry, oils and fats chemistry, theoretical chemistry, thermodynamics, analytical chemistry etc., and are funded to a significant extent by various funding agencies like UGC, CSIR, DST, DAE, DRDO and DBT. The role of the department in the development of chemical sciences is evident from a significant number of research papers published in high impact journals of repute. The department has several state of art instruments like, 400 and 300 MHz NMR, CCD-X-ray Diffractometer, Time Resolved Fluorescence spectrophotometer, GLC, HRMS, BET analyzer, SEM, VSM etc.

REGISTRATION, ABSTRACT AND ACCOMMODATION INFORMATION

REGISTRATION

Registration in **advance** has to be taken by the participants by completing the **attached registration** form and returning it by (by post), alongwith payment by a demand draft made in favour of **"The Secretary, VIth National Symposium on Advances in Chemical Sciences"** payable at Amritsar, with name and address of the participant clearly written on the back of the draft. Registration Fee includes conference material, a book of abstracts and all meals.

Fees

Academic Institutes /National Labs = Rs. 1500/-
Research Scholars/Students = Rs. 1200/-

ACCOMMODATION

- *Hostel accommodation will be available on the basis of first come first serve*
